Review, Basic Consulting

\*A (a) would (really) highlight/accentuate/accent/bring out your (b).

a) lighter color/darker color/shinier color, \*\*red, brown, highlights, bleaching

\*\*문장앞에서 A 없어도 됩니다.

b) eyes, facial structure, skin tone, overall package

1. A darker color would really accentuate your eyes.

2. A lighter color would blend in with your skin tone.

New Term:

This will present (a) to its best advantage.

a) your overall package/your features

~보다도 좋다

Subj (주어) is better than \_\_\_\_\_

Subj (주어) will look better than \_\_\_\_\_

Subj (주어) looks better than \_\_\_\_\_

Example:

A darker is better than a light color for medium skin tone

A lighter color will look better than a darker color for light complexion.

Consulting 1:

A: What do you recommend?

B: I believe shorter hair will look better than a trim.

A: Why is that?

B: Because shorter hair will present your facial features to its best advantage.

Consulting 2:

A: What do you think?

B: I think a lighter color will fit better than a darker color.

A: Why do you think so?

B: The darker color will present your skin tone to its best advantage.
